Summary

Hello! I'm Aryan Chheda, a frontend developer with less than 1 year of experience crafting responsive and user-friendly web interfaces. I specialize in HTML, CSS, and JavaScript, and I'm expanding my skills into full-stack development with Django and Python.

Skills

Python, Django, HTML5, CSS3, Sass, Tailwind CSS, Locomotive JS, Scroll Trigger, React JS, MERN

Education

High School Diploma in - Tripda International School (2021-05-15)
Diploma in Computer Engineering - Silver Oak University (2025-05-15)

Experience

Full Stack Developer at TechMicra (2025-07-01 - 2025-07-05)
• Led a cross-functional team in developing Talent Twister, a full-stack Django-based recruitment platform, from concept to deployment.
• Designed and implemented RESTful APIs with Django REST Framework for seamless frontend-backend integration.
• Architected scalable database models, optimized queries, and enhanced platform performance by 30%.
• Mentored junior developers in Python, Django, and frontend (HTML/CSS/JS), improving team productivity.
• Collaborated with stakeholders to define project scope, ensuring on-time delivery of critical features.
